

NEARING COMPLETION -- This structure that carries Wolf road over what someday will be Federal Aid Highway 80 just north of Mokena should be in use early in November. The pouring of concrete was to have been finished this week. It will have to set 14 days, it was said. The project was built by George Krug Construction Co. of Chicago. (Graphic Newspapers photo)

LOOKS LIKE this Francis road structure is ready for steel to frame the floor for the bridge that will carry Francis rd. over FAI - 80 between Cedar and Gougar roads. Work was begun about the same time here as on the Wolf rd. project north of Mokena, which is practically completed. It would appear that this portion of Francis rd. will be barred to traffic thruout the winter. No detour was built there to carry traffic, altho the road is heavily traveled. Takes Mokena Rezoning Case Under Advisement

Following a hearing Oct. 13 the petition of Mr. and Mrs. Leo Marcoux for rezoning approximately 50 acres west of 115th ave. and south of 195th st. (west of St. Mary church) has been taken under advisement by the Mokena zoning board of appeals and a recommendation will be submitted to the village board later this month.

In rezoning cases the zoning board makes a recommendation to the vil-

lage board and that body concurs in it or rejects it. In cases involving variations the zoning board decides it and in the petition of Mr. and Mrs. James Murphy, of 11047 McGovney st. for a variation in the five-foot side yard requirement the board allowed it. The petitioners asked for a two-foot side yard on the portion of the property on which they would build a garage. If held to the five-foot rule

there would not be room for the building, they testified.

In the Marcoux case the petitioners asked to have the property reclassified from R-1 to R-2. The principal difference, it has been pointed out, lies in the fact that lots under R-1 must have a frontage of at least 75 feet and the dwelling thereon contain at least 1,200 square feet, while under R-2 the frontage of a lot may be 50 feet and the building thereon must have 900 square feet.

The petitioners stated that they not have a lot with a frontage of less than 65 feet and that the homes would have 1,100 square feet as a minimum.

They further stated that the number of homes would average about three and a half per acre or a total of between 150 and 175 dwellings. Some would be of brick, some of frame, some of frame and masonry and ranging in price from \$18,000 to \$22,500. These homes would not be pre-fabricated, the zoning board was told.

National Development Co., which is now engaged in building in Joliet, would be the developer and is prepared to take over the land if the rezoning is approved, it was stated.

The developer would install water and sanitary sewers, storm sewers, blacktopped streets, curbs and gutters in compliance with the village's subdivision ordinance.

Arbury Hills School Bond Issue Approved

Voters of Arbury Hills rallied to the support of school needs last Saturday and approved an \$85,000 building bond issue by a substantial margin.

The vote 110 in favor of the proposal with 44 opposed. Arbury Hills school is the only elementary school in Summit Hill District 161 and while the most of the population is in Arbury Hills there are many families residing in other portions.

The board of education was reported quite pleased with the results of the referendum. Supt. Kenneth Webster said that plans will be pushed immediately for the proposed four room addition, plus office space.

It was the board's hope that

the plans would be ready so that bids could be taken in January or early February. If a contract is let in late winter or early spring, the superintendent said, the addition should be completed in time for occupancy next September.

The addition will provide the school with 16 classrooms. The school was built originally by the developers of Arbury Hills. There were eight rooms. Three years ago residents of the district approved a bond issue of \$115,000 to build a gymnasium and assembly hall and four classrooms. Enrollment increases have made it necessary to provide more class space, it was explained.

Tollway Pushes Plan For Interchange With I-80

A connection between the Tri-State Tollway and Interstate Highway 80 at Hazel Crest is now reported to be in the final planning stages and Feb. 10, 1966, is given as the target date for awarding contracts for the interchange.

This information is contained in a letter from Frank W. Boege, executive director of the Illinois State Toll Highway Commission, to Maurice P. Angland, of Mokena, chairman of the highway committee of the Southwest Development Committee.

In a news dispatch from Chicago this week it was stated that five miles of tollway in south Cook county is to be widened next year to accommodate the flow of traffic on I-80. The interchange at Kedzie ave. at Hazel Crest is included in

these construction plans.

Also to be widened will be the Kingery Expressway from the east end of the tollway to the Illinois - Indiana border, a distance of three miles.

In his letter to Mr. Angland, Mr. Boege said that the toll commission is working at top speed to expedite the construction of the Hazel Crest connection to the I-80 transcontinental route.

He stated that the commission's consulting engineers, Joseph K. Knoerle and Associates are completing final plans with the idea of taking bids next Feb. 19, "with actual work to begin as soon thereafter as weather permits."

"Along with your committee," his letter continues, "we realize the tremendous importance of this mainline artery across the 'Ruhr Valley' of North America, and in addition to working posthaste on this connection, we are planning the widening of our section of road to the Kingery Expressway and Hazel Crest."

This lack of connection between I-80 and Hazel Crest has been a roadblock in the plans for several years. With this removed the Southwest Development Committee is hopeful that work will be pushed on the remainder of the I-80 program between Joliet and Hazel Crest, a 29-mile link that is of the greatest importance for defense as well as for commerce and industry, it emphasized.

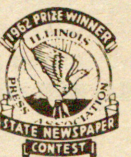

The overpass on Wolf road, north of Mokena, is nearing completion and is

expected to be in use about mid - November. The overpass of Francis rd., over the I-80 route between Cedar and Gougar roads is not as far advanced. The span over U.S. 30 west of New Lenox also is nearing completion as is the one on Mills rd.

At a meeting in Joliet last spring state highway officials said that plans for I-80 -- the actual construction of the road up to Harlem ave. -- would not be ready until 1967, but, it is pointed out by those interested in pushing construction of I-80, this time estimate could be revised.

It is reported that I-80 will have three lanes for traffic each way between Hazel Crest and U.S. 45,

Vikings Wallop Knights; Mustangs At L-W

BY TOM SCARTH

Last Saturday the Homewood - Flossmoor Vikings came up with their first Homecoming win in the history of their school by beating the Knights of Lincoln-Way 41 to 0. But to the Knights, it was a very frustrating day. It seemed as though all the breaks were in favor of Homewood - Flossmoor.

The Vikings first touchdown came with 3:05 remaining in the 1st quarter. Bob Majka passed 10 yards to John Weinberg, John Kelly's kick for the extra point was good making the score 7 to 0.

In the second quarter, Majka hit Bob Monaghan for 31 yds. moving the ball to the Knights 3 yd. line. Two plays later and quarterback, Majka ran the ball over for

the touchdown. Kelly's kick for the extra point was good making the score 14 to 0.

The Vikings scored again in the second quarter when they received a punt and ran it to the Lincoln-Way's 32 yd. line. A series of running plays and the ball was on the Knights 20 yd. line. Then Majka let loose with a 10 yd. pass to Randy Thompson, who ran the remaining 10 yds. for the touchdown. Kelly's was again successful, making the score 21 to 0 to end the first half scoring.

The Knights, Marc McPherson, ran the third quarter kickoff 55 yds. to H-F 35 yd. line. Two plays later, Mike Lockhart intercepted a pass for the Vikings on their own 25 yd. line. H-F started a drive that ended with quarterback Majka running 23 yds. for the touchdown. Kelly's kick was no good

making the score 27 to 0.

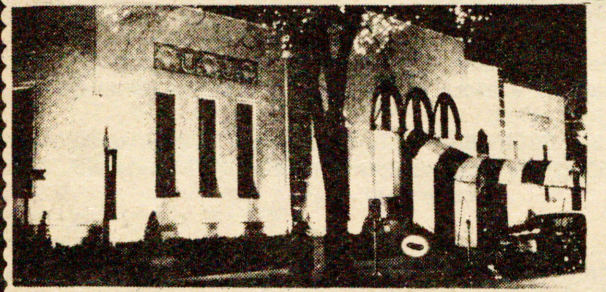

Their second touchdown in the 3rd quarter came when Monaghan intercepted a pass from Keith Schram, running 45 yds. for the touchdown. Kelly's kick was good making the score 34 to 0.

In the fourth quarter the Vikings scored for the last time when Majka uncorked a bomb to Thompson for a 68 yd. touchdown. The extra point kick was good making the final score 41 to 0.

The Frosh-Soph Knights won 25-14. Rick Kohlbacker was outstanding for the Knights scoring 3 times.

This week the Knights take on Evergreen Park at Lincoln-Way. It will be the Knights Homecoming and they are out to break the nine year jinx. The sophomores start at noon and the varsity at 2 p.m.

TRICKS OR TREATS

Dear Sir:

With Halloween just around the corner, I find myself with skeptical thoughts about trick-or-treat time. From observation and discussion with children and adults, I gather that the main objective of this annual ritual is to see who can get the largest amount of candy and treats.

Last year, we were greeted at the door by shopping-bag-sized bags for treats. I turned away a group of children who came from the other side of town and who were being hauled around by some parent in a car! I also recently learned that children come from other towns also. Isn't this being ridiculously greedy?

Nobody can convince me that children are in great need of the sweets for which

they beg; nor can I believe that their own neighborhoods do not supply them with adequate sweets. Tales of children going twice to the same house or trick and treating two nights instead of one, plus the previously mentioned items leads me to feel that Halloween has turned into a time of greed and bad manners.

Because I feel that parents must take the responsibility for controlling their children's actions, I appeal to all the parents in Mokena to seriously consider this problem. Below are listed some suggestions which I feel are constructive alternatives to the situation which now exists.

1. Limit the time for trick or treats to one night from 4-6 p.m. or 4-8 p.m. at the maximum.
2. Limit trick or treating to 5-10 year olds.
3. Use the money usually spent for treats for the UNICEF fund and instead of giving treats, invite trick or treaters to contribute also.
4. Arrange for your children (and be responsible for them) to carry UNICEF milk

SWIMMING ANYONE

Dear Sir:

At the last Lincoln-Way PTG meeting we were asked our opinions on the inclusion of a community all year round swimming pool in the building plans for the new school addition.

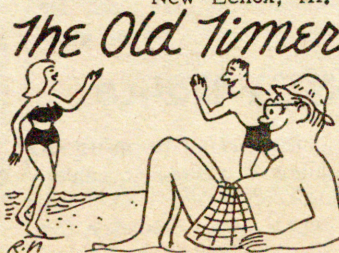

The pool alone would cost approximately a quarter million dollars (\$225,000 plus interest for 20 years). The operation of the pool would be self-supporting. The taxpayers would have to pay the cost of building it.

This new high school addition will be the last one. Next time we have to build another high school. Our school enrollment is such that we build for the high school one year and a couple of years later the grade school needs another addition or new building.

With the many children in the community a swimming pool would certainly be welcome. Also welcome would be the chance to learn to swim.

However, in view of the fact that we must add on to the present high school-- and soon build another high school -- we feel that to ask the property owners (taxpayers) to pay \$225,000 for a swimming pool is too great a burden. However desirable a swimming pool may be, we feel it is not the duty or responsibility of the school board to provide one.

Sincerely,
Mr. and Mrs. Herman Beck

Give Surprise Party For Couple Married 25 Years

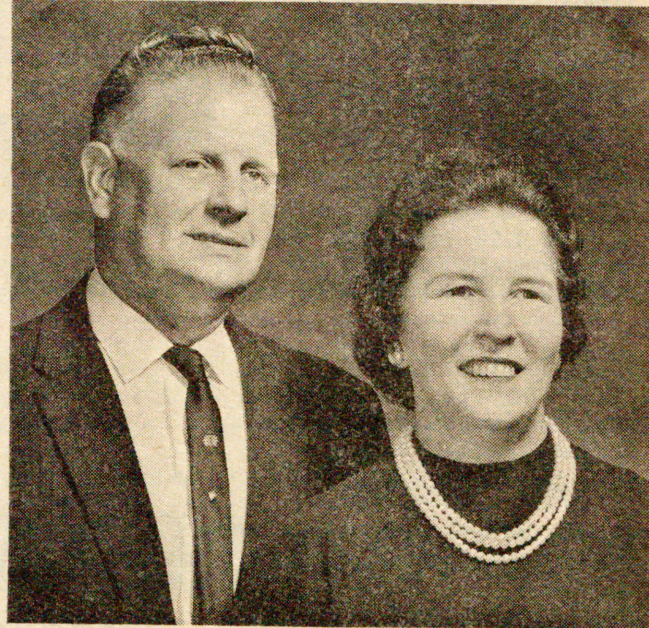

Mr. and Mrs. Ellsworth Uthe, 9877 145th st., Orland were pleasantly entertained Sept. 26 when members of their families held a surprise 25th wedding anniversary party for them in their home.

Decorations of crepe paper streamers, silver bells, paper flowers, and a sign with wedding bells that read "Happy 25th Wedding Anniversary" were hung about the room within minutes after the group arrived. The main table was beautifully decorated with a table cloth to fit the occasion, silver candles, a three-tier wedding cake made by Mrs. Marion Horn, and a

silver-sprayed tree with 25 silver dollars hanging from it. A delicious buffet dinner was served to approximately 60 guests in silver dishes and trays brought in by the group.

The honored couple received many lovely gifts and was very grateful to all who came to see them, and to those who helped in any way to make the party such a success.

On Sept. 28 Ellsworth and Lucille were accompanied by Mr. and Mrs. Paul Lukas to the Piccolo Playhouse in Joliet, where they enjoyed seeing Imogene Coca in "Never Too Late".

View School Work At Open House, Nov. 11

MRS. EDWARD HOVI
Telephone: 479-5740
The Summit Hill Parent-Teacher Group held their October meeting at the school last Thursday evening at the school. There was a short business meeting at which the school bond issue, voted on last Saturday, was discussed.

The meeting was wound up in short order so that there would be plenty of time for the scheduled program.

Miss Irma Agazzi presented a film on her African Safari and accompanied the film with a lecture on the subject. There was a good turnout to hear Miss Agazzi, and the African setting of the decorative theme lent reality to the atmosphere.

Next month's meeting will be held during National Education Week, and will, as in past years, consist of an open house to allow an opportunity for the parents and any other interested people to see at first hand the workings of the school and the children. The November meeting will be held on Thursday evening, November 11, at 8 p.m.

The Parent - Teacher Group's main fund raising project, the annual Fun Fair, is now upon us! Saturday is the day at long last. It will run from 2 p.m. until 8 p.m. to allow a variety of times for the convenience of everyone.

All residents of the area are invited to attend and bring their entire families. There will be activities for the youngsters to the oldsters. An assortment of game booths will be set up to try the tastes of all ages.

For the taste buds there will be a spaghetti dinner served at reasonable prices. Why not let mother have a day off from the cooking three meals a day routine? Make this day out a complete one and have your family eat out also.

The Altar and Rosary Society of St. Mary's Church in Mokena held their annual Nun's Shower at the school gym last Thursday evening. There were games played for an assortment of prizes, some pretty and some silly, and the Nuns received their gifts from the ladies for the occasion.

The Arbury Hills Boys Baseball League held their October meeting at the school on Tuesday evening, October 14, with disappointing results. A small turnout was there, when the films were shown on the roller-hockey game. It proved enjoyable to the few, but the officers were disappointed that a larger showing was not in evidence.

There will be a special meeting held at the home of Richard Prather of 9400 West Willow Lane on Wednesday, Oct. 27 at 8 p.m.

Roller-hockey is just what the name implies, a hockey game played on roller skates. The games are played on Monday and Thursday evenings at 8 p.m. at a cost of \$1.00 per person, adult or child.

If anyone is interested in attending, please contact Mr. Crones at 479-5038. If enough people are interested, the organization will attempt to obtain a block of tickets for an agreeable evening.

O.C. Davis, 715 Root st., received the American Gas Association's operating section award of merit Oct. 11 in Bal Harbour, Florida. Davis is vice-president of storage for the Natural Gas Pipeline Co. of America, Chicago.

People are asked not to leave bags or boxes of articles or clothing at the Fire station or Economy store anymore for the Goodwill truck. The Goodwill boxes were taken away from those two spots, because people were not putting the things into the Goodwill box, but leaving them lay out around the box, and all over the sidewalk, in all kinds of weather. The truck comes to pick up these things only twice a month, and people are asked to call these two numbers for pick-up at their home--Joliet, 722-5189 or Chicago, SE 8 3860. The next pick-up in New Lenox (at your homes) will be on October 28.

May Graze Land Diverted From Feeds, Wheat

Farmers who diverted acreage under the 1965 feed grain and voluntary wheat certificate programs now may graze this acreage without losing program benefits, Charles E. Deutschman, Chairman, Will County Agricultural Stabilization and Conservation Committee, has announced. The starting date for such grazing is October 15th, marking the end of the 6-month period during which the no-grazing provision was in effect under the diversion programs.

The chairman stressed, however, that this program relaxation regarding use of the acreage applies only to grazing the feed grain and wheat diverted acres. However, harvesting 1965 crops from such acreages is not permitted.

Land diverted under the conservation reserve program may not be grazed or harvested through the whole year.

County farms participating in the 1965 feed grain and wheat certificate programs number about 1200.

The 12 classes in Will county are located in various communities so as to be convenient for as many people as possible.

The class in Mokena will meet at 7 p.m. in Willowcrest school, 113th and Willowcrest road. It will run for 10 hours, meeting in two-hour weekly sessions.

Anyone interested may enroll by attending the opening class. Instruction is free and a small charge covers the cost of textbook and materials.

The public is cordially invited to attend.

A most enjoyable evening was had by all at the recent "get acquainted" gathering of teachers and P.T.A. room

representatives of the Mokena schools, due to the combined efforts of Mrs. William Bradley, Jr. and Mrs. Kenneth Heim, room representative chairmen. The opportunity to discuss some of the class activities for the coming year was afforded the teachers and the respective room representatives at this time.

The next regular meeting of the Mokena P.T.A. will be Tuesday, Oct. 26, 8 p.m., at the Carpenter St. school. A panel discussion dealing with the topics of modern math and reading, homework and citizenship is to be the program for the evening. Participating in the discussion will be Eugene Morrall, Mrs. Luther Schilling, Mrs. Jerome McGuire, Mrs. Durward Fant, Mrs. Roy Richardson and George Krueger. The audience will then have the opportunity to ask questions of the panel. Refreshments will be served by the seventh grade room representatives.

The regular meeting of the Wm. Martin VFW Auxiliary #725 was held Thursday, Oct. 7 at the hall. Twelve members were present as illness accounted for most of the absenteeism.

A cordial welcome was extended to Marcella Salak, 5th district president, and Pauline Villa, her secretary.

The main donation was given to the veterans hospital. At the next meeting plans will be made to make

a trip to a veterans hospital.

The women of Immanuel Lutheran church will hold a bazaar in the church basement, 19544 Union ave. on Wednesday, Oct. 27 from 7 to 9 p.m. and on Thursday, Oct. 28 from 10 a.m. to 2 p.m., with a luncheon being served from 11 a.m. to 1 p.m. Tickets for luncheon-adults, \$1.25; school children, 50¢ and pre-schoolers, 35¢.

A variety of items will be on sale including fancy goods, Christmas decorations, rag rugs, doll clothes and novelties. A special feature again this year will be the Country store with home baked goods, honey, jellies, apples, canned goods, plants etc.

Projects for this year are: cooking, sewing, party planning, indoor gardening and crafts.

The club was awarded a white ribbon and cash award for recognition in a dairy contest.

The next meeting will be at the home of Mrs. William Miller, Oct. 21.

Lt. and Mrs. Douglas McDaniel are the parents of a boy, David Douglas, born Friday, Oct. 15. Mrs. McDaniel will be remembered as the former Geri Ann Hull.

The McDaniels are presently stationed at Fairchild AFB, Spokane, Wash.

Mr. and Mrs. Rod Hull, 187th st., Mokena, are the proud maternal grandparents.

UNICEF began over twelve years ago thru a volunteer organization in the United Nations. It all started when a small Sunday school class in Pennsylvania collected coins instead of treats on Halloween and sent their collection to the United Nations Children's Fund. Now, the annual "Trick or Treat" program produces a significant part of UNICEF.

This year the Senior MYF of the Mokena Methodist

church will be sponsoring younger members of the church on this drive. It will be held Oct. 31, from 2 to 4 o'clock unless the

weather is bad. In that case it will be postponed to the following Sunday. Participating persons will have proper identification.

SHORT AND SWEET

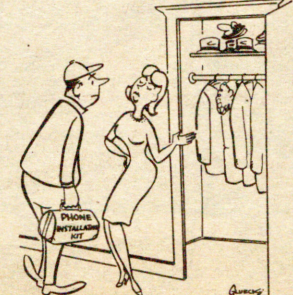

The first basketball game ever played between five-man teams took place in Iowa City, Iowa in 1896... The contestants were Iowa and Chicago Universities... Chicago took the game with a score of 15 to 12... In France and Germany, jury votes do not have to be unanimous to convict... In France, a two-thirds majority is necessary and in West Germany just a simple majority is enough for a conviction... Every United States Senator has a glass shaker of black blotting sand on his desk, a custom dating back to the days of quill pens... The word penny is believed to derive from Penda, a ruler of the 7th-century Anglican kingdom of Mercia.

The late Wilfrid Funk, who spent a lifetime exploring the English language, once compiled a list of what he considered the ten most beautiful words - dawn, hush, lullaby, murmuring, tranquil, mist, luminous, chimes, golden and melody... Compare these to ten most unpleasant words - belch, grub, slop, ground, asphalt, scratch, quack, backache, hunk and crabgrass... Of the more than twenty cities in the United States which bear the name Lincoln, the one in Illinois alone took the name during his lifetime, at a time when he knew no fame... Thomas Jefferson composed his own epitaph, making no mention of having been President...

The play of the game was a defensive maneuver by Mokena. On 4th down with the ball on its own 34 yard line, Duane Pierson went back in punt formation, kicked the ball with the wind at his back. The Midlothian receiver took the ball on the 5 yd. line, fumbled and fell on the ball on the 3. This was an overall kick of 43 yards, longest kick of the year in league play. Ken Fortman scored Mokena's first touchdown on a

left end run. Toby Krueger scored the winning touchdown on a plunge around end on a screen pass. Billy Clegg scored the extra point and was one of the outstanding players of the game.

Cage Coaches To Hold Clinic At Tinley High

Coaches from Illinois and surrounding states are scheduled to meet in Tinley Park high school Saturday to talk basketball.

In fact the meeting will be a basketball clinic with George Ireland of Loyola university as the featured lecturer.

Two high school coaches also are on the panel, Dawson Hawkins whose 1964 team from Pekin won the state cage title, and Sherril Hanks, of Quincy, whose team was runner up to Collinsville in the 1965 Illinois prep tourney.

from Tom Hofferica, the Sandburg quarterback, and La Vine got away for a 37-yard run. Dick Henderson for the points after touchdown successfully in three attempts.

Sandburg will be host to Homewood - Flossmoor this Saturday, the varsity game starting at 2 p.m. The frosh-soph tilt will begin at noon.

Homewood - Flossmoor, which routed Lincoln-Way last Saturday, is now tied for second place with Evergreen Park and Reavis.

The Mustangs, defending champions and with a 3-0 record up to Saturday was taken by the Rich East Rockets, 13 to 7. Rich East thus took over first place by half a game. Rich has now won three games without a loss but was tied by Lincoln-Way 7-7.

In the game against Evergreen Park last Saturday Frank Ammon, Rich quarterback, hit Jeff Jones with

a 20-yard pass for one touchdown and scored the other himself on a one-yard sneak.

Johnson scored for Evergreen Park on a 20-yard pass play from Mursch. Kent kicked the point after touchdown to give the Mustangs seven points. That was in the third quarter and put the Mustangs a point ahead. Rich had scored in the second frame but failed to make the point after touchdown. In the final frame, however, Rich scored again and this time Jones's kick was good for the extra point.

The Reavis - Oak Lawn contests was a close one with Reavis winning 20 to 19. Wagner scored one touchdown for Reavis, on a 12-yard run; Evans scored another on a pass from Fiat and Marcordes went nine yards for the third of Reavis' counters. Fiat kicked two points after touchdowns for Reavis and that was the difference.

Katzmann made one touchdown for Oak Lawn and Kostoff, two, a 60-yard run and a 20 yard run after passes from Sledz. Hatstat added one point on a kick after a touchdown which left the Oaks short a point of a tie and two of a win.
